

December 12, 2024

Dear Client:

This is a friendly reminder that 1099 and 1096 forms for reporting 2024 payments are due to the recipient and to the IRS and Oregon Department of Revenue by January 31, 2025. IRS and Oregon Department of Revenue both require electronic filing by filers of 10 or more returns in a calendar year beginning in 2024. Due to this updated requirement, **we will be electronically filing all 1099 forms with the IRS and Oregon Department of Revenue.**

Form 1099-NEC is required when you have made the following type payments in connection with a trade or business during the year of:

- At least \$600 in services performed by someone who is not your employee
- At least \$600 in cash payments for fish you purchase from someone engaged in the trade or business of catching fish
- At least \$600 in payments to an attorney for fees
- Each person from whom you have withheld any federal income tax under the backup withholding rules regardless of the amount of the payment.

Form 1099-MISC is required when you have made the following type payments in connection with a trade or business during the year of:

- At least \$10 in royalties or broker payments in lieu of dividends or tax-exempt interest;
- At least \$600 in rents paid to an unincorporated payee;
- At least \$600 in prizes and awards or other income payments
- At least \$600 to corporations for medical/health care payments and proceeds paid to attorneys.
- Direct sales of at least \$5,000 of consumer products to a buyer for resale other than a permanent retail establishment;

The filing rules related to corporations remain unchanged from the prior year. Payments made by credit card do not require a 1099-NEC or MISC, because those payments are reported to IRS by the credit card processor on form 1099-K. You might also have a requirement to file Form 1099-INT, Interest Income, for each person to whom you paid, during the course of your trade or business, at least \$600 in interest. Also, other Form 1099 requirements may apply depending upon the nature of your business. If you have questions about filing requirements, please read the 1099 MISC and NEC Instructions at <https://www.irs.gov/forms-pubs/about-form-1099-misc> or <https://www.irs.gov/instructions/i1099gi>.
